LEARNING ACTIVITY SHEET

Learning Area:	Life and Career Skills	Quarter:	1-Week 4
Lesson No.:	4	Date:	
Lesson Title/ Topic:	Promoting Physiological Development and Well-being through Fitness Activities		
Name:		Grade & Section:	

I. Activity (Option 2): SHARE YOUR FITNESS IDEAS (Think-Pair-Share)

II. Objective(s): At the end of the activity, you should be able to recall and share their existing knowledge about physical activities and exercises that promote health and well-being, while developing communication, collaboration, and reflective thinking skills.

III. Materials Needed: pen and paper

IV. Instructions: Choose your partner. Answer the following:

Think: Take a quiet moment to reflect on your own. Ask yourself:

“What kinds of physical activities or exercises do I know that help keep me healthy and feeling good?”

Pair: Turn to a classmate nearby and share your ideas. Listen carefully to what they say, too. Discuss any new or interesting activities you both come up with.

Share: After a few minutes, we'll regroup as a class. Some volunteers will share the activities you and your partner discussed. Together, we'll create a list of fitness and mindfulness activities you already know.

V. Synthesis:

1. Which fitness or mindfulness activities do you enjoy the most, and why?

2. What new activity did you learn from your partner during the pair-sharing part?

3. Why do you think it's important to include physical and mindfulness activities in your daily routine?

LEARNING ACTIVITY SHEET

Lesson Title/ Topic:	Promoting Physiological Development and Well-being through Fitness Activities		
Name:		Grade & Section:	

I. Activity (Option 2): NATURE MINDFULNESS WALK

II. Objective(s): At the end of the activity, you should be able to heighten your sensory awareness and strengthen connection with the natural environment through mindful walking and focused observation.

III. Materials Needed: pen and paper

IV. Instructions: List down the things that you will observe during the Nature Mindfulness Walk activity

Five things you can see:

Four things you can hear:

Three things you can feel:

Two things you can smell:

One thing you can taste:

V. Synthesis:

1. What details in nature did you notice that you might usually overlook?

2. How did being outdoors and moving mindfully affect your mood?

3. Why is it helpful for your well-being to connect with your environment?

LEARNING ACTIVITY SHEET

Lesson Title/ Topic:	Promoting Physiological Development and Well-being through Fitness Activities		
Name:		Grade & Section:	

- I. Activity (Option 1): WELLNESS IN SYMBOLS**
- II. Objective(s):** At the end of the activity, you should be able to express the importance of fitness routines and mindfulness activities in promoting physiological development, health, and overall well-being through a meaningful slogan.
- III. Materials Needed: paper and pen**
- IV. Instructions:** Create a **slogan** that states how fitness routines and mindfulness activities contribute to your physiological development, health, and overall well-being. Be creative and make sure your work clearly connects these ideas.

Rubrics:

CRITERIA	Excellent (4)	Good (3)	Fair (2)	Needs Improvement (1)
Creativity & Originality	Clearly and effectively connects fitness, mindfulness, and well-being.	Slogan shows creativity and some original ideas.	Slogan is somewhat creative but lacks originality.	Slogan lacks creativity and originality.
Relevance to the topic	Clearly and effectively connects fitness, mindfulness, and well-being.	Connects fitness, mindfulness, and well-being but with minor gaps.	Weak connection between the concepts.	Connection between ideas is unclear or missing.
Clarity	The message is clear,	The message is mostly	The message is	Messages are

	concise, and easy to understand.	clear with minor ambiguity.	somewhat unclear or wordy.	confusing or hard to understand.
Language & Presentation	Uses appropriate language with no errors.	Minor language errors that don't affect understanding.	Some language errors that affect clarity.	Frequent errors that hinder comprehension.

V. **Synthesis:**

Why are wellbeing activities important for you? What benefits do you get from these? Is it important to combine both physical fitness and mindfulness in taking care of your health and personal growth?

I. Activity (Option 1): QUIZ

II. Objective(s): At the end of the activity, you should be able to demonstrate their understanding of the different types of fitness routines and mindfulness activities, along with their benefits to physiological development, mental health, and overall well-being through a multiple-choice quiz.

III. Materials Needed: pen and paper

IV. Instructions: Read each question carefully and choose the best answer. Write the letter of your answer on your answer sheet.

- When you go running, what kind of exercise are you doing?
 - Building muscle strength
 - Cardio or aerobic exercise
 - Exercises for balance
 - Stretching for flexibility
- What's one of the main benefits of doing strength training exercises?
 - Building bigger muscles
 - Helping you breathe better
 - Making you more flexible
 - Reducing feelings of anxiety
- Why do people do flexibility exercises like stretching?
 - To make their joints move more easily
 - To get stronger muscles
 - To improve their heart rate
 - To help calm their mind
- Why are mindfulness activities, like meditation, good for you?
 - They help you build muscle
 - They help you focus better and feel less stressed
 - They improve your heart and lungs
 - They make your bones stronger
- What kind of exercise is Tai Chi?
 - A mix of balance and mindfulness practice
 - Just cardio exercise
 - Only strength training
 - Purely flexibility exercises
- If your muscles feel stiff, how can flexibility exercises help?
 - By making your muscles stronger
 - By helping your joints move better and easing stiffness
 - By increasing your heart rate
 - By building your endurance

7. Which mindfulness activity focuses on controlling your breathing to help you relax?
 - A. Sprinting
 - B. Deep breathing exercises
 - C. Lifting weights
 - D. Jumping rope
8. How does doing cardio exercises regularly affect your heart?
 - A. It makes your heart work harder but less efficiently
 - B. It makes your heart and lungs healthier and stronger
 - C. It shrinks your muscles
 - D. It makes you less flexible
9. Which fitness activity combines moving your body with focusing your mind?
 - A. Cycling
 - B. Running
 - C. Weightlifting
 - D. Yoga
10. How does including different types of exercises in your routine help your overall health?
 - A. By focusing only on building strength
 - B. By mixing strength, cardio, flexibility, balance, and mindfulness activities
 - C. By doing only cardio workouts
 - D. By practicing only mindfulness exercises

I. Activity (Option 2): TRUE OR FALSE

II. Objective(s): At the end of the activity, you should be able to demonstrate their understanding of the different types of fitness routines and mindfulness activities, along with their benefits to physiological development, mental health, and overall well-being through a true or false activity.

III. Materials Needed: pen and paper

IV. Instructions: Read each statement carefully. Decide whether the statement is **True** or **False** based on what you've learned about fitness routines and mindfulness activities. Write T if the statement is true and F if the statement is false.

1. Strength training helps you build stronger muscles and increase muscle size.
2. Cardio exercises only help you lose weight and don't do anything for your heart health.
3. Doing flexibility exercises helps your joints move more easily.
4. Mindfulness activities can help you feel less stressed and improve your focus.
5. Balance exercises are only important for older adults.
6. Yoga combines moving your body with mindfulness and breathing exercises.
7. Running is a type of strength training exercise.
8. Deep breathing is a mindfulness activity that helps calm your mind.
9. Flexibility exercises can help ease muscle stiffness.
10. A good fitness routine should include strength, cardio, flexibility, balance, and mindfulness activities.

Lesson Title/ Topic:	Promoting Physiological Development and Well-being through Fitness Activities		
Name:		Grade & Section:	

I. Activity: ADDITIONAL ACTIVITIES

II. Objective(s): At the end of the activity, you should be able to promote awareness of the importance of physical and mental well-being by documenting and sharing their experiences through photos.

III. Materials Needed: pen, paper, picture and glue

IV. Instructions: Share a selfie or groupie while performing mindfulness activities and fitness routines.

Rubrics:

CRITERIA	Excellent (4)	Good (3)	Fair (2)	Needs Improvement (1)
Creativity & Presentation	The photo is creative, clear, and well-composed; shows enthusiasm and effort.	The photo is clear and shows effort.	Photo is acceptable but lacks creativity or clarity.	The photo is unclear or shows minimal effort.
Relevance to activity	Clearly shows students actively engaged in mindfulness or fitness activity.	Shows participation in the activity, but not clearly identifiable.	Somewhat related to the activity but unclear.	Not related to the assigned activity.
Safety & Proper attire	Demonstrates a safe environment and appropriate attire for the activity.	Mostly safe and appropriate attire.	Minor safety or attire concerns.	Unsafe environment or inappropriate attire.
Caption/ Reflection	Includes a thoughtful caption or reflection about the activity experience.	Caption or reflection is included but lacks detail.	Minimal caption or reflection provided.	No caption or reflection.
Timeliness	Submitted on time.	1 day late.	2-3 days late.	More than 3 days late or no submission.

V. Synthesis

Answer the following question:

- How did participating in fitness and mindfulness activities affect your physical and mental well-being? How will you include these activities in your daily routine?
